COUNTY ECONOMIC
DEVELOPMENT COMMISSION

The Ideal Location For Your Business In The Charlotte Region

September 24, 2008

Project Announcement

Inweld Corporation Has Leased Space in Gastonia!

The Gaston County Economic Development Commission is Pleased to Announce:

Inweld Corporation has leased 20,000 square feet of space at 1029 South Marietta Street for warehouse and distribution operations. The firm plans to relocate from Charlotte to Gastonia by the end of the year.

Based in Coplay, Pennsylvania the Inweld Corporation is global supplier to the welding industry and industrial distributors. The firm provides a variety of welding alloys to include stainless and mild steel, aluminum, copper, chrome moly, nickel, magnesium, titanium, cobalt, silver alloys and maintenance alloys. Gastonia is one of four distribution points within the United States. Inweld Corporation also has locations in Coplay, PA; Sparks, NV; and South Houston, TX.

"I am happy to welcome Inweld to Gastonia. My thanks also go to Marc Bolick of the Gaston County Economic Development Commission for his efforts in this project." stated Alec Long of the Broad Street Bonded Warehouse.

Inweld Corporation's relocation to Gastonia began in May of this year with Marc Bolick of the Gaston County Economic Development Commission handling the project. Alec Long of Broad Street Bonded Warehouse is the co-owner of the building and handled the real estate agreement.
